DESIGN INTENT
THE OUTDOOR CLASSROOM IS DESIGNED AS A NAVA STRUCTURE BUT AS THE SITE IS RELATIVELY FLAT THE NAVA IS CONSTRUCTED ABOVE GROUND RATHER THAN BELOW GROUND. LOOKING AT THE CLASSROOM FROM THE BUILDING SIDE ONE CAN SEE THE TERRRACE PLANTER WALL SHAPED AS A PUZZLE PIECE. IT HAS A 4 INCH WIDE BAND IN CONCRETE ALL AROUND IT AND THE INSIDE IS TEXTURED TO MATCH THE TEXTURE ON THE SCHOOL BUILDINGS. THE SECTION SHOWS THE SEATING AREA THAT IS CONSTRUCTED OF CONCRETE BUTTS INTO THE PLANTER WALL AND IT IS TOPPED WITH A VENEER OF COLORADO SANDSTONE TILES IN BUFF COLOR.
