**VISION STATEMENT:**

Knight Fundamental Academy strives and maintains program and standards which emphasize the traditional American values of patriotism, dignity, pride and respect for self and others. The Learning Landscape will support these principles and enhance the schools curriculum, by focusing on literacy, history, science, geography and mathematics.

**GOALS:**

- To create places that support the basic skills for continued learning
- To provide visual images of our history and heritage for inspiration
- To challenge all children to learn the basic skills of team play and good sportsmanship
- To provide opportunities which encourage logical thinking and problem solving skills
- To maintain a stimulating outdoor area for both the school and the community

**EXISTING SITE CONDITIONS:**

Various images of the current site conditions are shown, including aerial views and ground-level photographs.

**SITE ACREAGE:**

- Existing: 123,110 sq ft
- Proposed: 140,211 sq ft
- Percentage of Site: 12.9%

**CONSTITUENT NEEDS:**

- Vision: To create an environment that is safe, secure, and inviting.
- Environment: To create an environment that is safe, secure, and inviting.
- Active: To create an environment that is active, engaging, and fun.
- Social: To create an environment that is social, collaborative, and supportive.
