Vision: Promote school and community pride by encouraging self-discovery through interactive and experiential connection to the outside world.

Goals:

a.) To create space that satisfies the Athmar Park Neighborhood’s desires and in doing so instills community pride and citywide belonging.

b.) To create places that foster imagination and creativity.

c.) To provide opportunities for social, mental, and physical interaction.

"The Ideal Landscape" collected sources such as philosophy, art, politics, economics, physical and natural sciences.
