vision: the landscape of Wyman will create a learning environment that is a place of comfort and security while promoting socialization and self-discovery.

goals: 1. create a playground that facilitates learning 2. create spaces that are non-programmed 3. improve the overall feeling and appearance of the playground 4. improve the existing site conditions

"There is one thing even more vital to science than intelligent methods, and that is, the sincere desire to find out the truth, whatever it may bet.
Charles Sanders Pierce

"Mathematics takes us into the region of absolute necessity, to which not only the actual world, but every possible word, must conform.
Bertrand Russell

"No one has yet realized the wealth of sympathy, the kindness and generosity hidden in the soul of a child. The effort of every true educator should be to unlock that treasure.
Emma Goldman
